FAQs

What is Vault Verify?
Vault Verify is a secure, automated employment and income verification service.

What benefit does Vault Verify provide to our organization?
Vault Verify helps to ensure that verifiers may quickly and easily confirm employment and income history, as needed. *It is important to note that our organization does not respond directly to verification requests, as all requests are fulfilled through our secure, online service.*

Instructions for first time verifiers:
If you have not worked with Vault Verify previously, simply follow the steps below to get started:
Step 1: Click on 'Register Now'.
Step 2: Complete the short registration form in its entirety
Step 3: Credentials will be delivered by secure email within an average of 1 hour.

Verifications are always instant and free of cost for Government Agencies.
